INFORMATION WANTED, of Isaac Garner

of Wake County, North Carolina, who left his wife and four small children in August, 1839, stating that he was going to Guilford County to seek employment, which he obtained from Mr. Isaac Pitts of Jamestown, who engaged him in March, 1840, to go to Columbia, South Carolina, to assist in selling a load of Guns or Rifles. Mr. Pitts on his return, tells his family that he left him in Columbia Jail. In January last, young Mr. Pitts carried another load of Guns to South Carolina, and whilst there, he hears of Garner carrying a stage about 100 miles below Columbia. Said Garner is about 5 feet 7 or 8 inches high, light complexion, dark red hair and beard, blue eyes, with a thick upper lip, and inclined to be round shouldered. He cannot read or write, and is very dull of apprehension; he is also very much addicted to using profane language.

Should this meet the eye of any individual who knows any thing concerning Garner, they will be doing a humane act by addressing a letter to his distressed wife at Raleigh, N. C.

It is the desire of his affectionate and confidential companion that he should return to her and their four helpless children.

Should it not be Garner's wish to see his wife again, it is hoped that he is not so depraved, and lost to all feeling as not to heed the cries of his children who are now suffering for bread.

The Farmers' Advocate.

PROSPECTUS FOR VOLUME III.

SINCE closing the 2d volume, an association has been proposed, whereby the services of Mr. W. P. Richards, of Davidson county, N. C., will be procured to assist in the editorial department of the paper, providing a sufficient accession to our present list of subscribers can be obtained, to justify such a measure: in which event, the Advocate, after the fact is ascertained, and the necessary arrangements made, will be published weekly, at Brownstown, Davidson county, N. C., on a super-royal sheet, for \$1.50. But in the meantime, we should the proposed association ultimately fail for want of sufficient encouragement, as above stated, the paper will still be continued semi-monthly on a super-royal sheet, for one dollar, as heretofore.

We would reasonably suppose, that the proposed change from a semi-monthly to a weekly paper would give general satisfaction to all our present subscribers; because, for the small addition of fifty cents, a volume furnishing more than double the amount of reading matter would be secured; or, instead of giving one dollar for a volume of 34 pages, they will receive for one dollar and fifty cents a volume containing 524 pages. And moreover, in addition to the greater quantity of reading matter furnished, we have no doubt that an increased interest would be thus communicated to our paper; as Mr. Richards, besides being a practical farmer, is a gentleman of considerable literary attainments.

In attempting to effect such an arrangement, whether successful or not, the least prejudice or disadvantage cannot possibly result to any of our present subscribers; because, should the attempt prove unsuccessful, the Advocate will continue to be published regularly, as heretofore. If we should succeed in effecting the anticipated change, a mutual advantage, in our estimation, will be the immediate result; for by the adoption of such measures as it will enable us to carry out, our means for improving the paper, for rendering it more acceptable, and for giving a greater extent of circulation, and thus making it more permanently useful, will be greatly increased.

No material difference in the design of the paper will take place in consequence of the proposed change; but an inflexible adherence to the interests of the Farmer will still be observed, by using all lawful means calculated to advance a system of general improvement. We hope, fellow-citizens, that you will give us your united support in aiding our efforts to establish on a permanent basis, a paper hitherto for its object the introduction of measures for the enriching of your soil—the improvement of your stock and farm productions—the perfecting of your agricultural and mechanical operations—the advancement of your scientific and literary pursuits, and the promotion of just incentives to virtue; all of which simultaneously centre in one grand purpose—to develop the vast natural resources of our common country for the mutual benefit of all; and thus procure the great object of elevation.

As we consider Agriculture and its kindred pursuits, of paramount importance to any other consideration, we design, in the first place, to use all lawful exertions in procuring and disseminating practical information, essential to the interests, and calculated to increase the dignity of the Farmer.

Secondly—Education, and the Literary Institutions of the country; also, good literary productions, both original and selected, will receive prompt attention, and a warm and friendly support.

Thirdly—Science, and the Mechanical Arts, will also be subjects of discussion, and invariably receive a liberal share of attention.

Fourthly—Due attention will be paid to subjects calculated to promote the cause of Virtue and Religion, carefully suppressing every allusion, tending in any way to encourage sectarian prejudices.

Fifthly—A summary notice will also be taken of passing events of an important and interesting nature, both Foreign and Domestic; excluding all political contests, and subjects calculated to promote party animosity.

In short, our whole influence, so far as depends on the success of the Advocate, will be unparagonably exerted in strengthening those pillars on which the prosperity and happiness, both of individuals and nations must be invariably based—the improvement of the soil, and the culture of the mind.

CONDITIONS.

All those who pay in advance, will receive fifty-two numbers of sixteen octavo pages each, making in a year, a volume of 832 pages, for \$1.50. To clubs for forwarding \$7 free of postage, five copies will be forwarded; for \$10, eight copies; for \$15, twelve copies; for \$20, eighteen copies; and for \$30, thirty copies will be furnished.

If payment be delayed beyond three months after the first number is received, an additional sum of 34 per cent. will be invariably exacted. The trouble and expense which necessarily attend the collection of small debts at a distance, will render a strict adherence to this rule absolutely necessary.

All letters, communications, &c. to the publisher, must come free from postage, or they cannot be attended to.

No paper will be discontinued until all arrears are paid, except at our option.

Postmasters, or other gentlemen, disposed to give us their influence, are respectfully requested to act as agents. Address

N. B.—No machine cast Type manufactured at the Foundry.

New York, February 25, 1841.

To the Virginia and United States Public.

THE subscriber proposes, if patronage will warrant the enterprise, to publish in the city of Washington, a Daily Political Journal, to be called the "OBSERVER." If subscriptions will justify him, his wish is to issue the first number on the first Monday of June next—one week or two earlier after the opening of the session of the Extra Session of Congress.

The Observer, if it goes into operation, will criticize freely and unreservedly, the action of the Federal Government, without "fear, favor or affection." It will look for support to the People, and the People only. Having taken an active part in the election of Gen. Harrison, ardently hoping and confidently believing that his Administration will justify the generous confidence, and fulfill the patriotic expectations of the American People, I yet pledge myself to extend to it no unreserved support. I shall be happy to praise, but not afraid to censure. I have long ago promised my conscience never to be a man, worshiper, never to sustain any man or any set of men, against the Constitution of the country. This vow I mean to keep to the best of my ability, so help me God!

If the People will sustain me in this attempt, the fruits of near 20 years of editorial experience shall be dedicated diligently and laboriously, to render the Observer worthy of their favor. I promise them, and I will redeem it, that they shall have a political print at Washington, if not also, yet least, faithful and true to them and the cause of the country, and the Rights of the States and of the People. Whether a print is or is not required at the Federal Metropolis, whose leanings shall be to the States and not to the central authority, I leave it to the country to say.

I throw out these proposals now, intending in a short time to be more specific. I wish to ascertain if there exists a disposition to support a paper at Washington which will give a cordial support to Gen. Harrison or any other President, while he entitles himself to it by the Constitutionality of his course, but which will primarily be jealous and distrustful of Federal power, and certainly more prompt to attack its excesses than to amuse in them, let who will be at the head of the Government.
